

SCHOOL, _____

DEPARTMENT OF THE INTERIOR
BUREAU OF EDUCATION
ALASKA SCHOOL SERVICE

Deering, Alaska, April, 2nd., 1915.

Mr. Walter C. Shields, Dist. Supt.
SUBJECT, _____

Dear Mr. Shields:

I am sending you a set of the plans as we have perfected them and sent them to the Seattle Office.

I thought you might like to see them so that you might feel to urge their adoption the stronger.

They are the only thing I have here and I should like if you would send them back to me as soon as you have examined them.

I will need them to begin my excavating and to locate the building site.

We have closed the school and are getting ready to pack up the people were going ^{away} ~~add~~ there was such an unsettled condition, with much anxiety; so we closed on the 26th., and began the direct work of preparation. This seemed to satisfy them and now they are sure we really intend to go.

I should love to have another talk with you for only a few minutes; but I see by the papers that the appropriation has passed but could not find out how we fared this time.

Word from the boys at Neorvik is very jubilant and rings clear

Hope to have a few lines from you from Candle and that you may have a good trip home to the loved ones,

I am as ever,

Yours sincerely,

*Enclosed Envelope for return
of Plans. past on outside.*
