

*Deering*

Nome, Alaska April 28, 1916

Mr. Nukesuk,

Tepkok Herd, Deering, Alaska.

Dear Sir :

Harry Karmun told me that Edwin used one of his good sled deer to travel to Deering with and that he beat the deer with a rope so that it got blind.

Will you please see Edwin and write me all about this business. Also please tell me why this boy used a sled deer that did not belong to him.

We got back to Nome April E 13 and had a pretty hard trip as the sled deer got poor and the snow was hard for them to feed.

I hope that you will get your report over to Shishmaref this summer and I hope that you will come to the FAIR next year at Igloo. I want to thank you for helping us this winter.

Very truly your friend

Superintendent N.W. District

I send you a Government envelope so you can write to me without a stamp.
