Walter Johnson.

Dear Friend:

I arrived at Deering January 26. - after a very hard and tiresome journey -

We left the day after you left Igloo, and made it to Deering in 7 days. -

Trails very heavy. Soft snow and plenty of it, but found all well and work going along smoothly. -

We are expecting Mr. Shields to arrive from Shismareff any day. -

We have many pleasant memories of the week spent at the Fair, and trust that when we open our Fair at Norvik, you may be able to be present. -

With Igloo in the ring I am most assuredly

Yours
Chas. Replogle
