Mr W.C. Shields.,
Nome, Alaska.

Dear Mr Shields;

Enclosed please find my annual report for the past year. I regret that it is so imperfect and deficient especially now that it appears that it is likely to be the last one I shall have the honor to submit. It has been a pleasure to work under you and I regret that the end is now. I am just like the prospector who sees gold just ahead. I always see that I am really going to do something really worth while the next year.

Wishing you the joy and success in this field which you richly deserve

I am

Yours cordially,

Louise M. Connel-Nichols,
