

April 1st, 1914

Dear Mr. Shultz:

Dist. Supt:

SUBJECT: _____

Naturally we have been very anxious about you since you left as the storm was most severe for several days.

Okoke Thomas has not yet returned and so we are yet on the anxious seat. However we hope you may not have suffered greatly and that we may soon hear from you.

Our fuel is about gone and we are expecting a wire from you every day.

Also, you will remember the kitchen range we asked you to condemn.

It served us until the 30th of march when it finally gave way and we have installed the industrial range (Lang's) in the kitchen for our own use.

If you can secure attention of this in Seattle yet this year I hope it may be done.

The weather is fine now, so warm and spring like. Strongly hoping you are safe home with the loved ones.

I am, yours very truly, Chas Repley
