Mr. W. T. Lopp,

Chief of the Alaska Division,

Bureau of Education,

Seattle, Wash.

Dear Sir :

In enclose herwith letter and statement from the Robinson, Magids Co. of Deering Alaska in which they state that they furnished soap and Coal oil to the Deering school amounting to \$23.50, for which they have not received payment. This was under date of Sept. 25, 1909.

I have no record of any such account on my books, nor of ever having received such a voucher. I have asked the local agent of this company to sign a voucher which I enclose herewith for your consideration and approval if there is any balance remaining on the 1910 fund.

Very truly yours,

Superintendent, N.W. District

I have not approved the voucher because I know nothing about the matter. I suggest you try to get someone to approve it.

W.S.
