

Deering, June 13, 1911.

Mr. Swanson

Name -

Dear Sir -

I am sending vouchers and monthly reports for Feb. Apr. & May. During Feb. & Apr. Dr. Newsom assisted in teaching as I was not well. In March for four weeks we had to close school as I was ill. In So school lasted through May to make up the eight mos.

Four of the natives are now sick with typhoid - one very ill the other three near convalescence. Candide is also having some cases of typhoid.

Very sincerely

Franz W. Newsom
