

~~Dear~~

Mr. Walter Shields
Nome, Al.

Dear Sir:

Your letter of April 19th is received. The reason I did not send the two vouchers was that my school year ended in April last year so it seemed to come in the next year's work. Of course I did not know of your sending turning the money back in June.

In your letter you state that my local authorization is all spent. I was authorized to spend \$25 for destitute natives and I have spent none of that. I thought this expenditure would come under that head.

Word was sent that my ^{opportunity fund for} expense for incidental was all used last summer in

rendering the chimneys safe. When Mr. Hawkesworth was here in Sept. I told him I should need some in industrial work so he wrote me out an authorization for fifteen dollars for local expenses. Fourteen twenty five had been used of that before receiving your word. I hope this is all in due form and will cause no more extra work for you.

Very Sincerely

Fannie S. Newcom.
