4/1/08

Dear Mr. Evans:-

I am enclosing a letter to the trustees of the Fair Haven Hospital, also their bill that I just received.

I believe there is an error but if there is none I think I had best pay it without there is some way ~~for~~ some of funds for this year could be used for it since there will be a Doctor at Deering this winter. I am glad to say.

I was very glad to get the advice though there seems something a little strange about the contract.

I feared they might write you concerning it so thought best to send letter direct to you and ask you to kindly ~~send~~ ^{write} same. Thanking you very truly yours, Bertha S. Cox.
