*Deering*

6/3/10

Nome, Alaska. June 3, 1910.

Dr. B. W. Newsom,

Deering, Alaska.

Dear Sir :

I return herewith the following vouchers for your board while travelling on official business.

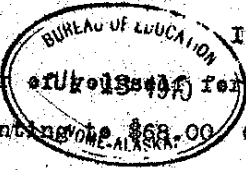

W.H.Cox,	\$15.00
Mrs. Harnden,	8.00
L.G. Sickles,	8.00

These vouchers should all contain some such introduction:

Subsistence furnished B.W. Newsom, Government Physician, while travelling on official business. (Then the items should follow.)

In several cases the amounts will have to be reduced as I notice you have stated that the board began in the evening of one day and continued to the morning (A.M.) of another. You have counted that as a full day, while the rules of the Treasury Department count it only a part of a day. You should always state with what meal your board began and ended. I am not drawing fine distinctions. This is what is required. Several of these vouchers will have to be slightly reduced.

I am also returning herewith voucher in favor of ~~134.33~~ for your expenses during Feb. and March amounting to \$68.00. On the first receipt you have again counted P.M. to A.M. as a full day. There is a little discrepancy which

COPY

should be corrected. On the first receipt you state that you paid beard at Kivalina to March fourth, and on the second receipt you state that you left Kivalina for Neatak on March third.

Kindly correct these vouchers and return them for payment.

Very truly yours,

Special Disbursing Agent.
