SUBJECT

Mrs. Walter S. Shields.

Dear Sir. I think there will be chance to send some mail overland as Mrs. Daniels will be coming about the 26th or so, a date near that I will be greatly obliged to you if you will forward the \$55; also \$15; you said you could pay on another voucher. I suppose it should have to be returned & another one made out. but if not please forward if you can.

I wish it were possible for money to be forwarded to pay traveling expenses. the people here need money & I hate to ask them to wait until the mail brings it so advance it, but as you know it has been quite a long time. I hope all back accounts will be settled before a great while. I will try and avoid such troubles in the future.

Very respectfully,

B. W. Newsom.

P.S. Please send my ^{June} August salary here if you have a chance. The ^{August} June & July vouchers I will send perhaps to Young & Stevenson. I suppose this account will require most of the sum.
