Mr. H. N. T. Nichols,
Hotyebus,
my dear Doctor:-

I have your letter of October 29th relative to the books for our school here. I enclose a list of books and stationery which I think will be ample for our purposes. If you will kindly do what you can to supply this list the school board will guarantee that the books etc will be returned to Hotyebus in good order and in time to be used in the school there.

You can deliver the books etc. to the boy (Murphy) who hands you this, and he is instructed to come back with them with least possible delay.

We opened school yesterday morning and the teacher is doing the best possible with the limited number of books we borrowed from individuals.

We have a nice comfortable little school house, and the children are all interested and delighted with their work.

I thank you for your assistance
in the cause of education here, and hoping
that you will have no hardships in your
various trips this winter I am, sir,

Yours cordially
William S. Levy.
