

Nome, Alaska. July 14, 1915

The Supply Agent,
U.S. Bureau of Education,
Seattle, Wash.

Dear Sir :

I have been requested by Mrs. Nichols to get for the use of the hospital at Kotzebue the following articles. The reason for aluminum spoons etc is that these articles have to be boiled carefully after use by patients, and the kind usually furnished do not stand that treatment for long.

1 dz. Table or Dessert spoons, aluminum

1 " Tea spoons

1 extra large double boiler, aluminum for cooking for patients.

If it is possible for you to get these articles please send them to us at Nome and we will forward them to Kotzebue.

Very truly yours,

Superintendent, N.W.

With regards to Mrs Shields and Miss Kenly. Sincerely Louis M. Nichols
