Mr. A. N. Evans,
Dist. Supt. of Schools,
Nome, Alaska.

Dear Sir:-

Since writing you a few days ago concerning Mr Hall having failed to keep his promise to you relative to keeping Mrs Woodruff with him of nights, I have looked more thoroughly into the matter and I am not only very sure that the woman stays with him continuously, but that either he or the woman, or both together are responsible for some of our young girls spending far too much of their time at his place. I cannot help but feel that his place as it^{is} now conducted is a curse to our village.

I should be very much pleased to have you present the matter to the U.S. Marshall, or whoever may be the proper authority, with a view to having the matter looked into and, ^{conditionally} bettered with as little delay as possible.

Very respectfully,
W. H. Cox
