Nome, Alaska Oct 6, 1915

Mr. M. L. White,

Kotzebue, Alaska.

Dear Sir:

In your letter of Sept. 23rd, you stated that you were sending under separate cover some parts of the engine that needed repair. These have not been received by me so, unless they come down on the next mail it will be almost impossible for me to send them outside for repair. Send them by return mail, if possible.

I hope that you will be able to get the reindeer reports to me on this next mail. If it is impossible for you to get them to me then please send me your estimate of the total number of deer in the two herds.

And boost for the fair at Noorvik, next March.

Very truly yours,

S.
