District Supt.  
Nome, Alaska.

My dear Mr. Evans;-

In making my requisition last Dec. I asked for no chalk.

There were so many boxes on hand I thought we should need none.

But the chalk that was in the little book room seemed to break and crumble so that we do not have enough to carry us through the year. Shall I get a box from one of the other schools? or can you send me a box from Nome?

Very respectfully

Mrs. Lucy W. Cox
