KOTZEBUE, ALASKA. OCT. 14, 1914'

Mr. W.C. Shields,

Nome, Alaska.

Dear Sir:- I am certainly glad that

you wrote me at once regarding the missing furs. They were all
piled in the darkest corner of a certain room that is not much used, and
upon receipt of your letter this A.M. I started on a search and discover-
ed a sack that I trust are the ones that you are short.

I also rec'd a note from A.S. Milima regarding the report concerning
his children's deer. I had already enclosed the reports in a let-

ter to your office. Will you kindly forward them to him.

The purser wanted me to be sure and let you know that he inquir-
ed about the Kivalina and Woatak teachers. We told him that all
had at last reached their destination safe but a little the worse for wear.

Sincerely,

Milton L. White
U.S. Commissioner.
