Dear Sir:

Glad you did not send me anyother kind of safty rayzor as nothing but the Auto-strop will do. You can send me the balance in stamps and register them if you will please.

Am send you the last of the vouchers I have issued and if you will kindly advise me if there is any left, think there may be about ten dollars. If I have over run a few dollars you can cut out one of the subvouchers I am sending and I will stand the loss. If I have to make anymore trips expect to get thirty dollars from Jones for part of the return trip expense and that with the balance will leave me enough.

My hospital proposition outside has gone to the dogs so we will not leave here until the first boat in July and in my letter to Shields asked him to speak to Mr.Lopp regarding Chitna if the appropriation goes thru this year. You can forward all mail over the winter trail and on the first boat that comes to Kotzebue next summer.

I think of no news to write, all is OK here, sorry didnt see Shields. Will s e you next summer if all goes well.

Very truly,

W. L. Barbour
