Mr. Walter Johnson,
Nome, Alaska,

Dear Sir:

I am anxious to get this letter going early, that I may be sure to get the following articles for my boat before the opening of navigation. 4 spark plugs 20 ft. copper connecting wire 6 dry batteries.

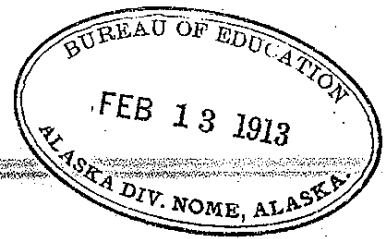

Mr. Shields arrived here couple days ago and tomorrow morning we leave for Noatak etc. We are all OK and hope this finds you the same.

Very respectfully,

W. L. T. Barbour.

Dear Walt — The Seattle folks
send the Dr. an old boat — old
but! About 4 hours I will take all
our freight up the river!! However —
he will need it for the duck
season so please open your heart
& the Supply and buy it & get
the done

W.S.
