

April ~~COPY~~ 1912SUBJECT, Liquor Drinking

Mr. W. C. Shields,

Dear Sir:

Marshal Humber has been in Deering, arrived April 10th and returned to Candle, April 12th. He made investigations regarding the drinking of liquor at Christmas time and also the conditions prevailing here on March 17 and a few days following.

I understand that the evidence he was able to secure was not very complete.

I enclose a letter to Mr. Castle. May I ask you to see him regarding this matter?

Mr. Humber suggested that in view of the fact that there will likely be many men here soon, working on a mining ditch, it might be well to be prepared for an emergency.

April 13 ^{COPY} 1912

SUBJECT. Liquor Drinking

You will see the probable need of knowing just what I can and ought to do, in case nothing is done now to better conditions in Deering.

Respectfully,
Iva Kenworthy,
