Mr. W. C. Shields,

Supt. of N. W. Dist.

Dear Sir:

Mrs. Taber would like the position as Assistant here next year. They have their home here. She does not wish to be Principal another year. I think that she would be a good assistant, even with the care of her home and family.

She is naturally and by training very good with the younger children.

I really can not recommend Florence Pommok to assist a new teacher here next year. She lacks in neatness, discipline and in keeping the teacher informed about village life and activities.

Respectfully, Martha Hunicutt
