Mr. W. C. Shields,
Nome, Alaska.

Dear Sir,

For about two weeks I have been with Mrs. Gooden who has been very sick, hemorrhage of the lungs. They expect to go outside in a few weeks when she gets stronger. Mrs. Hare is at Kotzebue at the Conference. We presume the missionaries and teachers for up here are on the Victoria which may be in Nome soon. The "Kobuk", a launch from this place, leaves here Monday for Nome, and I would be glad for our missionaries & teachers to come to Deering & make me a visit. They might arrange to come on the "Kobuk", if you thought best. I hope some one is coming to take Mr. & Mrs. Gooden's places.
