Dear Sir;

Mr. Star, the Japanese is living on the Government reservation has been informed that on land reserved for Eskimos the suggestion has been made he had better sell his house to Eskimo if he can.

He says he settled there 6 years ago, the land was reserved and will be over when the Govt pays him 1000 dollars. I was here when the land was staked off in the spring of 1905, 7 years ago by Mr. and Mrs. Foster and Miss Bertha Cox.
