Mr. E. M. Forrest,

Wainwright, Alaska.

Dear Sir :

Mr. Weaver, local agent for the Mutual Life Insurance Company has asked me to take charge of your Policy, No. 2242 748 Amount \$2500, premium \$78.73, due July 8th.

As I do not believe that it is absolutely safe to entrust the same to winter mails I am holding the policy here in the office safe and will bring it or send it by the mail on the BEAR next summer. As you will note the premium is due in July. It may be impossible for you to act on that by that time as I am not sure that this will give you time to reply. You have assigned your salary I believe, and unless I am otherwise instructed I will put this matter before the Seattle office and have them refer it to the parties to whom you have made the assignment so that they may be able to take care of the policy premium. In any case be sure to write me at once and any arrangements you may care to make in the way of covering this by a special assignment I will be glad to take care of.

Very truly yours,

S
