Dist Supt of Schools
Nome, Alaska,

Owing to the unbranded credit offered them by Capt. Ba Island, Trigock, Timothy and Kitchin have "backed out" of going into the service.

I have put on Philip.

Eloktoma wants to put on John Amosak but he has not much education. Can hardly read the 1st reader. He may be O.K. at the camp however. Saul, Eloktoma's 2nd choice is very much better and in fact very desirable.

If you want either or both of these let me know. I hope you will let me have some latitude in choosing apprentices as the demand for good men for whaling and trapping is such that unless secured in time we will only be able to have calls for the service.

in haste

Fred M. Liddle.
