Mr. Walter C. Shields,
Assistant Superintendent,
Nome, Alaska.

Dear Sir:

A copy of your letter to Mr. F. M. Sickler, dated March 25th, with his letter to you, dated March 2d, received, and I am writing him direct to go up on the "Schooner Transit".

I am also forwarding him his salary for July, 1911, vouchers for his salary from August 1st to December 30th were received and assigned to me and I still have the money, but his voucher or assignment for July never was received, and I am therefore sending the money to him for that month.

Regarding the typewriter, would say that I took up that matter with Captain Warner also the Purser, Mr. M^{Carrol}ckerrow, and none of them seemed to know anything about it and Mr. Warner says that he does not know anything about it; so I am afraid between them all it is lost.
