George R. Crisman, Supt.

Warrensburg, Mo., Jan. 21, 1916

My dear Mrs. Ausley :

Your letter, together with the letters of the children reached me while I was in St. Louis last summer.

\*\*\*\*\*

When I distributed them to the children here they produced quite a sensation. All of the children who received letters seemed delighted with them. I am enclosing replies.

\*\*\*\*\*

It was very interesting to know the mental attitude of the children as they talk about everything outside of the frozen regions of Alaska as being on the "outside".

\*\*\*\*\*

All the children for me that I am proud of their accomplishments. Their penmanship is far better than ours, their spelling is good, and their use of English is very much better than our use of German or French. I think they must have a very good teacher.

\*\*\*\*\*

With sincere personal regards, I am

George R. Crisman.
