ALASKA SCHOOL SERVICE

Kotzebue, Alaska Sept. 3rd-13.

Mr. Walter H. Johnson,

Nome, Alaska.

Dear Mr. Johnson:-

Just a few

words as the "Hettie B." is in and is getting ready to leave again. The "Corwin" was in yesterday and brought all the supplies and everything seems to check but two sacks of flour.

There is not one pound of supplies for the reindeer boys and I am in a great pickle now surely. There should be some arrangements made about this for we surely need the supplies. I hope that when Shields arrives you will be able to make some arrangements whereby I may be able to obtain some supplies for the reindeer. All those I received belong to the fuel supply and will need it too.

We will start up the Noatak River tomorrow and it is getting pretty cold and this will probably be the last letter for some time.

Have my "Eye" on the "Hawk" but nothing startling has occurred so far. Everybody getting along fine and many thanks for your and Miss Andersons regards. Hope to see you next summer and have a long talk. Thanks for your efforts in getting a dentist. Dont know if we can see him or not. May send her down. Let me thank you again for your past and future favors.

Yours Very Truly,

*G. J. Snowden*

Teacher.
