Walter Shields
Supt of Schools
Nome, Alaska,

Just a line to tell you
that everything is going along fine at this
place.

I have, after consulting all the deer owners,
appointed John Douglas, chief herder.

I have about 20 cords of wood cut on hand.

I have measured all the houses and shall
send in that report soon.

Piley Jim has a little son and is very
happy.

We have had some heavy snow. I am
afraid for the fawns which have begun to come.
I am also afraid of high water again at the
"break-up". I am having nearly 50 in school lately.
in haste

Fred M. Sieder
