COPY

May 20, 1912.

Mr. Chas. Jones,  
U. S. Government Teacher,  
Shungnak, Alaska.

Dear Sir:

Inclosed herewith is a copy of the list of building materials shipped to Shungnak during the summer of 1909, for use in erecting a residence at Shungnak. Your inventory does not show that these goods are on hand, and since the residence was not completed, I am wondering what they were used for.

Please write, stating whether or not they are on hand; or, if used, for what purpose they have been used.

Very truly yours,

Superintendent Northwest District.
