DEPARTMENT OF THE INTERIOR

Shungnak, Ala. Sept. 5, 1911

SUBJECT, Building Bed Room

Mr. A. W. Evans
 Dist. Supt. U.S. Bureau of Ed.
 Nome, Alaska.

Dear Sir:

Would you deem it advisable to build a room in the attic of the school house at small expense for bedroom purposes? The living apartments of this place, only consisting of two small rooms, we are very much crowded for space. Mr. Hawkesworth, Dist. Supt., approved the building of same when he was here, so Mr. Sickles, ^{former} teacher, informs me. Please let me know your opinion at the earliest opportunity and also upon what appropriations I shall pay for same.

Very respectfully yours,
 Leash Jones,

Teacher & Supt. R. H.
