SUBJECT.

Building Church

Dear Mr. Evans,

The question has been asked, "Can the Friends" build a church on the Reserve?" It is agreeable to me but do you think it best? The schoolhouse is very small for their congregation when all the natives are here and also there is ~~there is~~ a tendency to disturb the books in the desks and lose the pencils. However, I have not thought the matter over very much. There is no sentiment here against the movement that I know of.

Would you mind telling me what your opinion of the Eskimo dances and songs is, and also how other teachers consider their influence on the community. This will be treated confidentially. Very truly yours,

L. H. Jones,

Teacher U. S. B. of Ed.
