July 30, 1915.

Mr. Fred M. Sickler,
Shungnak, Alaska.

Dear Sir:

Mr. Shields has just written me under date of July 15th a letter asking for a quantity of beads and 100 lbs. of seed potatoes.

Since there is no boat out of here until August 15th, and possibly not as early as that, these articles would not reach the mouth of the Kobuk until some time in September, and in all probability would be unable to reach Shungnak this season. I am therefore cancelling the order and suggest that you make requisition for these and such other supplies as you may need on your regular annual requisition, when we hope to be able to ship in time to reach you to be of use.

Very truly yours,

H. C. SINCLAIR,
Supply Agent.
